Seeking more flexibility in your health plan?

If you're looking for choice and convenience, we've got a solution – our Added Choice® point-of-service (POS) plan. As an Added Choice member, you have access to all that Kaiser Permanente offers, plus the option to seek covered services from licensed providers across the country.

Available providers

Added Choice offers 3 levels of coverage. The choices you make determine which doctors you see, which medical facilities you use, and how much you pay.

KAISER PERMANENTE SELECT PROVIDERS¹

\$

Choose a provider from Kaiser Permanente or direct contract providers. With a referral, members can also choose other contracted community providers and facilities. You will typically have the lowest out-of-pocket costs when you receive services from select providers.

PPO PROVIDERS¹

\$\$

Choose a preferred provider (PPO). This is a good choice for those who want to keep their current PPO provider or who live outside our service area.

Members enrolled with an Oregon employer:

First Choice Health providers in Oregon and Washington

First Health Network providers in California, Colorado, Georgia, Hawaii, Maryland, Virginia, and Washington, D.C.

Cigna HealthcareSM PPO Network² providers in all remaining states

Members enrolled with a Washington employer:

First Choice Health providers in Oregon, Washington, Idaho, Montana, Wyoming, North Dakota, South Dakota, and Alaska

First Health Network providers in all remaining states

Check your Kaiser Permanente ID card to see if you are enrolled with an Oregon or Washington employer.

NONPARTICIPATING PROVIDERS¹

\$\$\$

Choose a nonparticipating provider nationwide. Nonparticipating providers include any licensed providers who are not select providers or PPO providers. You will typically have the highest out-of-pocket costs when you receive services from nonparticipating providers.

¹See your *Evidence of Coverage (EOC)* or visit kp.org/choiceproducts/nw for definitions of select provider, PPO provider, and nonparticipating provider. This brochure is not a contract. Plan details are provided in the *EOC*. To obtain an *EOC* for a particular plan, contact Customer Service. In the event of any conflict between this brochure and the *EOC*, the *EOC* prevails.

²The Cigna Healthcare PPO Network refers to the health care providers (doctors, hospitals, specialists) contracted as part of the Cigna Healthcare PPO for Shared Administration.

Cigna Healthcare is an independent company and not affiliated with Kaiser Foundation Health Plan, Inc., and its subsidiary health plans. Access to the Cigna Healthcare PPO Network is available through Cigna Healthcare's contractual relationship with the Kaiser Permanente health plans. The Cigna Healthcare PPO Network is provided exclusively by or through operating subsidiaries of The Cigna Group, including Cigna Health and Life Insurance Company. The Cigna Healthcare name, logo, and other marks are owned by Cigna Healthcare Intellectual Property, Inc.

Nonparticipating Providers

Your nonparticipating provider benefits cover care you receive from any licensed provider (outside the PPO provider network).

- You can call the provider's office directly to make an appointment.
- Most providers do not require a referral for specialty care. However, this is determined by the specialty provider, so please inquire with them when scheduling your appointment. You will need prior authorization for some services and procedures. You must call **1-855-281-1840 (TTY 711)** for prior authorization.
- Your doctor may require you to pay the full cost of the visit. And you will need to submit claim forms and itemized bills for reimbursement.

When using a nonparticipating provider or facility, you will be responsible for the amount you are billed above the maximum allowable charge set out in your *EOC* – this is referred to as balance billing. These charges billed directly by your provider do not apply to your deductible or out-of-pocket maximum.

Prescription coverage

If your Added Choice plan includes a pharmacy benefit,* you can fill your prescriptions at a Kaiser Permanente or MedImpact pharmacy. You will typically have a higher cost share when using a MedImpact pharmacy. You may be able to save time and money by using the mail-order pharmacy option.

IN-NETWORK PHARMACIES

Kaiser Permanente specialist referral

Referrals are generally required from a Kaiser Permanente provider when seeking care from a specialist within Kaiser Permanente. Some services don't require a referral. Referrals are not required for members seeking care outside Kaiser Permanente from PPO, nonparticipating, in-network, and out-of-network providers. Prior authorization is required for certain services, regardless of the provider. A list of those services can be found in the member's *Evidence of Coverage* and by contacting us at **1-855-281-1840**.

Terms to know

Not sure what a deductible is? Confused about copays? You're not alone. Health care can be tough to navigate – so we're here to help. Get to know common health care terms with our plan glossary.

Coinsurance

A percentage of cost that you pay for services. For example, if you have 20% coinsurance and get a procedure that costs \$100, you'll pay \$20.

Copay

A set amount you pay for covered services. For example, when you check in at your doctor's office, the receptionist might say you owe a \$10 copay for that visit.

Deductible

The amount you pay for certain services each year before Kaiser Permanente starts paying. You'll pay the full cost for these services until you reach your deductible. After that, you'll pay a copay or coinsurance until you reach your out-of-pocket maximum.^{1,2}

Dependent

A member whose relationship to a subscriber is the basis for membership eligibility and who meets the eligibility requirements as a dependent. A dependent can be a spouse, domestic partner, or child.

Evidence of Coverage (EOC)

A detailed description of your benefits, costs, exclusions, and plan guidelines. After signing in to kp.org, you can find this document under "My Documents."

Explanation of Benefits (EOB)

A summary of the care you received and what your health plan covers. You'll receive it after a visit, but it's not a bill. You can use it to see how close you are to reaching your deductible and out-of-pocket maximum.

Health savings account (HSA)

An account that lets you put aside tax-free³ money to help pay for qualified medical expenses.⁴ You can keep the money if you change jobs or retire, and your account can earn interest.

Medical record number

A unique lifetime number issued to each member. Medical records are accumulated and maintained, and member information is maintained under this number.

Open enrollment

The period, usually annual, during which employees and their covered family members can choose to make changes among any health plans offered by their employer, and employees can add family members to or delete family members from their coverage without a qualifying event.

Out-of-pocket maximum

The most you'll pay for covered services each year.⁵

Preventive care

A defined set of services designed to help catch health problems before they get serious – services like mammograms, blood pressure screenings, and cholesterol tests. Getting preventive care when you're healthy can help you stay that way.

¹For a small number of services, you may need to keep paying copays or coinsurance after reaching your out-of-pocket maximum.

²Your copay experience may vary by region. Check your *Evidence of Coverage* for more details.

³The tax references on this page relate to federal income tax only. Consult with your financial or tax adviser for information about state income tax laws.

⁴To view the list of qualified medical expenses defined under Internal Revenue Code Section 213(d), see IRS Publication 502, Medical and Dental Expenses, at irs.gov/publications.
