

Pharmacy Resources

Understand your benefits and save money on prescriptions.

Our preferred retail pharmacy network allows members to save time and money when getting prescription drugs. With this network, members have access to over 34,000 participating pharmacies nationwide.

Prescription drugs covered under your plan

The plan formulary is a list of FDA-approved medications. It includes brand-name and generic options, and medications that need prior authorization, follow a step therapy program, or have refill limits.

Log in to myProvidence.com
to access your plan formulary.

Preferred retail pharmacy cost savings

Providence Health Plan has partnered with pharmacies to reduce copay costs for members. By selecting a preferred retail pharmacy, you may pay less for a 30- to 90-day supply of medication.

Visit ProvidenceHealthPlan.com/FindAProvider
to find an in-network pharmacy near you.

Estimate your prescription drug costs

Access the cost calculator to find copay and coinsurance information, and estimate medication costs.

- 01** Log in to your account at myProvidence.com
- 02** Go to "My Tools"
- 03** Select "Estimate costs" from the drop down menu

A Specialty Team for specialty medications

Specialty medications help treat complex health conditions that need education, monitoring, handling instructions, and often requires prior authorization before being prescribed. To make sure you have the information you need, you'll have a specialty care team to assist you. They'll give you extra support, like showing you where to get your medication and helping you find financial aid if it's available.
